DETAILED ACTION

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Olynick on 5/17/04.

The application has been amended as follows: cancel claims 32-37.

2. The following is an examiner's statement of reasons for allowance: Prior art fails to show a clutch for transmitting mechanical energy between the transducer and the power shaft, Wherein the clutch is operablely coupled to the power shaft and the transducer in a manner allowing engagement and disengagement of the power shaft to the transducer. Prior art also fail to discloses a second transducer having an active area which includes at least a portion of a second electroactive polymer and a second clutch for transmitting mechanical energy between the second transducer and the power shaft. Wherein, the second clutch operably coupled to the power shaft and the second transducer in a manner allowing engagement and disengagement of the power shaft to the second transducer.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
